DR. R. McTAGGART
Oculist, Aurist and Uroscopist

divert his attention exclusively to diseases of the Eye and Ear and all Chronic Diseases:—Consumption, Liver Complaints, Dropsy, Scrofula, Fever Sore, Swellings and Cancers. He ascertains the nature and locality of chronic diseases by examination of the patient's urine, which should be first past in the morning, and brought in a clean vial, with the name of the patient, as a register of all kept for reference. As for diseases of the Eye, he will not examine in all cases. It makes no difference how long the eye may have been diseased, if there is opportunity it can still be cured.

He will remove Catarrhs, Tumors, Cystitis and Filaria, and straighten crooked legs, crooked fingers and remove and insert artificial eyes which will look so natural as to defy detection, and cause no pain whatever.

Fever and Ague he will cure without prescription, and will remove Tape in one day.

His remedies are principally botanical used in a concentrated form.

Teeth Extracted Without Pain

MR. REEVEA

HAS the pleasure of informing his friends and patrons that he is now fully prepared to administer to his patients the harmless anesthetic ever introduced.

Nitrous Oxide or Laughing Gas

(so called from the pleasing effects produced) is purely innocuous, renders the most painful operations painless, and is perfectly safe.

Ether Spray Apparatus
invented by Dr. Richardson, of London
laud. In extracting Teeth, the Spray
throws upon the gums for a few seconds
when the tooth can be removed, with
knowledge of the patient, but with little
in many cases not the slightest pain.
Teeth mounted on rubber base at greatly
reduced prices.
